

MADE IN AUSTRALIA

The Ausfilm 'Made in Australia' table seeks to capture international production originated outside of Australia either shooting and/or completing Post-Production/Digital/VFX (PDV) work in Australia. The chart also includes some international co-productions, and some exceptions are made for studio-backed Australian material such as 'Happy Feet' and 'Moulin Rouge' which are majority-financed offshore and/or access Australia's Location or PDV Offset. *PDV = Post/Digital/VFX
